WORK EXPERIENCE

Freelancing

Deployment, Consultant

2019 - 2021

- Collaborate with the development team to understand project requirements and translate them into well-designed and efficient code. Implement new features and functionalities based on specifications provided, ensuring adherence to coding standards and best practices.
- Deploy projects in the cloud environment, utilizing industry best practices and following established deployment processes.
- Provided expert software development consultations to clients, offering guidance and solutions to optimize their software projects.

Prov'l. Agriculturist's Office/ Prov'l Veterinary Office

Data Entry/Intern

Antipolo, Rizal PH | 2019

- Enter vaccination records from paper documents into the clinic's database accurately and efficiently. This includes recording information such as patient identification, vaccination type, dates administered, dosage, and any additional relevant details.
- Pay meticulous attention to detail to ensure accurate data entry. Verify the information on paper documents with care and cross-reference with any supporting materials to minimize errors.

Outreach Program

Volunteer

Cainta, Rizal PH | 2019

- Utilize your creative skills and video editing software to create a visually compelling and engaging montage video. Edit and arrange the footage in a cohesive and storytelling manner, incorporating transitions, effects, and background music to enhance the overall impact.
- Develop a narrative structure for the montage video, focusing on conveying the program's goals, activities, and impact. Arrange the footage and images in a way that tells a compelling story, highlighting the transformative experiences and positive outcomes of the outreach program.
